

We've got you covered....

CHOOSE YOUR STYLE: Archers Marquees can provide either Sailcloth, Traditional, Clearspan or Pagoda marquees, plus stretch tents and a Tipi, meaning we are confident that you'll be able to find something to suit your event!

CLEARSPAN marquees are built from a metal framework & can be built on both grass & concrete. They can be 3m, 6m, 9m, 12m & 15m wide.

They can be used all year round, and in the colder winter months double doors can be added to keep the marquee warmer.

Our Aurora **SAILCLOTH** marquees are a modern twist on the traditional marquee and are effortlessly elegant due to their superior design. The rounded ends and sail effect of the roofs act together to give a unique feel to your event - stunning!

They are available between the months of April & September, or outside of these times at our discretion.

TRADITIONAL marquees have poles in the middle like the sailcloth, & guy ropes around the outside.

Similar to the sailcloth they are available between the months of April & September, or outside of these times at our discretion.

Our **STRETCH TENTS** come in various sizes, and can also be attached together to create even larger spaces. You can choose to have them as a floating canopy, or with one, two or three sides pulled down.

They are really versatile and suit any surrounding; they can equally stand out as your main tent or compliment your larger marquee by sitting alongside it as a ceremony or chill out area.

Plus our 5.5m **TIPI** is perfect for an outside bar or as additional party space.

We have **PAGODA MARQUEES** that measure 5m x 5m & 6m x 6m. They work really well by themselves or as a stylish addition to a larger marquee; for example, they are often used as entrance marquees, or can serve as an additional reception or chill-out area

WE LOVE A CHALLENGE!

Think you have an awkward shaped garden, or is there a tree that is right in the middle of where you want the marquee to go?

Don't worry - you can rest assured that we will do our very best to overcome any obstacles that might be in the way. They can often turn out to be a unique feature at your event!

NEXT STEPS

1) SITE VISIT

We offer a no-obligation site visit, within reason, where we assess the site & get to understand your requirements & vision for your event a little more. An updated quote will follow on from this, in line with what was discussed.

2) BOOKING YOUR MARQUEE

Your booking is confirmed once your deposit has been paid. From there we are available via email & phone at any time between the booking & your event.

3) PLANNING YOUR EVENT

We will work with you to plan the layout of your marquee, the build and takedown days and time, & confirm details such as colours & numbers as the event gets closer. If you would like us to, we are also very happy to liaise with your other suppliers during this time.

4) THE BUILD, THE EVENT ITSELF & TAKEDOWN

We will arrive on site at the time arranged with you & will keep in touch to make sure everything is how you had envisioned. We do offer a 'man-on-site' service for the event itself, otherwise we will always be at the end of the phone should you need us. You do not need to be present on take down day, unless you want to! The final balance is due on the day of take down.

3) AFTER YOUR EVENT

We love to hear how your event has gone, so please do let us know! We also love to see the marquee in action so if you're happy to share any photos with us, we are always very grateful to receive them.
